

Bachelor of Arts in Mathematics-Teaching Track

To qualify for a Bachelor of Arts in Mathematics-Teaching Track, the student must achieve a grade of C or better on all required courses. Courses may be counted toward both Major and General Requirements. However, no course may fulfill two categories of General Requirements. (If you use any course for both Major and General Requirements, be sure to count the credits only ONCE toward the degree total.) Note: Courses with stars can be counted toward the accelerated Master of Arts in Teaching degree which leads to certification for teaching in New Jersey secondary schools.
